Maintenance Craft Leadership Changes

At the April General Membership Meeting the leadership of the Maintenance Craft was changed.

After the Executive Board Meeting Mike Divers, Assistant Craft Director who was elected by acclamation at the January General Membership Meeting, resigned from his position.

During the General Membership Meeting, Maintenance Craft Director Robert Proo, who was elected by acclamation at the January General Membership Meeting, as per the SAAAL Constitution nominated Doug Yarnes to assume the duties and responsibilities of Assistant Craft Director. The nomination was approved by the Maintenance Craft members in attendance.

Later that same meeting Robert Proo, Maintenance Craft Director who was elected by acclamation at the January General Membership Meeting, resigned his position as Maintenance Craft Director, therefore Doug Yarnes, the newly appointed Assistant Craft Director as per the SAAAL Constitution became the Maintenance Craft Director.

Then Maintenance Craft Director Doug Yarnes nominated Robert Proo, who had just resigned from the Director position, to the newly vacated Assistant Maintenance Craft position. The nomination was approved by the Maintenance Craft members in attendance.

A congratulations to all newly appointed Maintenance Craft Officers.
